Full Stack Web Developer

PROFESSIONAL SUMMARY

A proficient web developer with expertise in HTML, CSS, JavaScript, Express.js, and Node.js. I completed an extensive 1000+ hour web development program at Masai School, gaining practical experience through both solo and team projects. Eager to leverage my skills and knowledge in a professional setting, I am enthusiastic about contributing to innovative projects while continuously advancing in this ever-evolving field.

PROJECTS

1. FitMeals - React | ⊕ | 🐙
Responsive Web Design | React | JavaScript | Express.js | MongoDB | CSS3

- Developed a comprehensive meal-planning application using the MERN stack.
- Designed and implemented a user-friendly interface with React and CSS3.
- Built and integrated RESTful APIs in Express.js to manage meal plans and user data.
- Optimized MongoDB queries for efficient data retrieval.
- Deployed the front-end on Vercel and the back-end on AWS for high availability.

2. Sugar Cosmetics Application | ⊕ | 🐙
Redux | Node.js | MongoDB | JavaScript | HTML5 | CSS3

- Developed a feature-rich e-commerce application clone using React and Redux.
- Implemented responsive design to ensure compatibility across various devices.
- Built scalable and reusable components in React.js and styled them using Tailwind CSS and CSS Modules.
- Integrated Node.js and Express for backend services and data handling with MongoDB.
- Enhanced user experience with efficient state management using Redux and seamless API integration.
